Presentation on Strategies for Supervising and Treating Offenders

Travis C. Pratt, PhD, University of Cincinnati, provided an overview on the presentation, *Beyond Getting Tough: Evidence-Based Strategies for Supervising and Treating Offenders in the Community*.

2017 Legislation Proposals – Brainstorming Session

KSSC members were provided a handout, *Proposals for 2016 KSSC Workshop*.

Members reviewed and discussed 2017 legislation proposals presented by the Legislative Committee.

Proposal #1 – Controlled Substance Study

Vice Chair Fowler proposed a global study of drug policy within the state. This would include considering misdemeanor offenses for certain quantities of controlled substances (e.g., under an ounce for marijuana).

Proposal #2 – Pre-trial SB 123 Program

Vice Chair Fowler proposed to allow diversions for the 2003 SB 123 program which would incentivize offenders and lower costs to law enforcement, prosecutors and the courts.

Proposal #3 – Repeal Special Rule 26 for Third Time Possession of Controlled Substances

Vice Chair Fowler recommended the repeal of Special Rule 26 (K.S.A. 21-6805(f)(1)) to be introduced next session. The proposal mirrors 2016 HB 2458 which had a hearing on January 20, 2016 in House Corrections and Juvenile Justice Committee (HCJJ) but did not move out of committee.

Proposal #4 – Allow SB 123 Treatment to be Used for Severity Level 4 Drug Crimes

Vice Chair Fowler suggested allowing 2003 SB 123 Substance Abuse Treatment program be used for severity level 4 drug crimes. The proposal mirrors 2016 HB 2461 which had a hearing on January 20, 2016 in HCJJ but did not move out of committee.

Proposal #5 – Amending the Criminal Penalties for Unlawful Tampering with Electronic Equipment

Executive Director, Scott Schultz, reviewed the language of 2016 HB 2459, which received a hearing in HCJJ. It was amended to have only two penalty provisions rather than the tiered approach recommended by the Commission. The language provides that if an offender is on felony supervision and commits this crime, the violation would be a severity level 8, nonperson felony. If on misdemeanor supervision or court-ordered supervision in any civil case the violation would be a class A nonperson misdemeanor. The bill passed out of HCJJ last year in this form as amended but no floor debate occurred before the full House.

Proposal #6 – *Allow Certain Juvenile Adjudications to Decay from Adult Criminal History*

Mr. Schultz reviewed the history of 2016 HB 2463 which received a hearing on January 21, 2016 in HCJJ. It was worked on January 26th and passed out favorably. The Commission’s specific language was later stripped out of the bill by the Senate Corrections and Juvenile Justice.

Proposal #7 – *KSSC Interagency Cooperation*

Mr. Schultz discussed the importance of working with the Kansas Department for Aging and Disability (KDADS). Mr. Schultz explained having access to KDADS databases, specifically the Kansas Client Placement Criteria (KCPC), would enhance the SB 123 program.

Proposal #8 – *Resolving Postrelease Supervision When Considering K.S.A. 22-3717(d)(1)(D) and (G)*

Jessica Domme discussed a potential conflict between the two subsections that relate to the length of supervision for sex-related convictions.

Proposal #9 – *Sentencing of Juveniles Certified as Adults*

Tim Madden recommended drafting a postrelease supervision policy that is constitutional in accordance with *State v. Dull*.

Proposal #11 – *Increase Loss Thresholds*

Stacey Donovan discussed increasing felony thresholds to \$1,500 for the crimes of criminal damage to property, giving a worthless check, impairing a security interest, criminal use of an explosive, counterfeiting, criminal use of a financial card and theft of property lost, mislaid or delivered by mistake.
