Laura Kelly, Governor

Dear current and prospective SB 123 Treatment Provider Agencies,

The Kansas Sentencing Commission is pleased to announce the SB 123 New & Current Treatment Provider Agency Certification Training. This training is required for all treatment provider agencies and their staff who are not yet certified and for all those clinicians and peer mentors who currently hold a temporary certification. This training is **free of charge** and open to those treatment provider agencies who complete the new treatment provider agency application process to receive SB 123 funds for delivering SUD treatment services. This training is also available for any community partner who is interested.

Additional training dates will be released regularly.

Please Note:

- All individuals who make decisions on behalf of a treatment provider agency, conduct clinical supervision or guidance, provide direct service, complete billing claims, or interact with supervisory agencies on behalf of clients are encouraged to attend this training.
- Each training date has a limited number of seats and will be filled on a first come, first served basis.
- The training will be conducted virtually via ZOOM and will last approximately 4 hours.
- Please email Gwyn Harvey, SB 123 Certification Specialist at Gwyn.S.Harvey@ks.gov, stating you would like to attend the training. Gwyn will email confirmation that you are on the training roster. (Training documents and the ZOOM invite are emailed to confirmed training participants within one week of the training.)
- Participants must attend the entire training to receive certification credit, cameras should remain on, and active participation is encouraged.
- Certificates of completion will be provided and expire 4 years from the date of training. Please note that SB 123 Certification is no longer a clinical training and CEU's are not offered through KSSC as a part of this training.
- The new certification agency approval process is not complete until training has been attended by all staff who will be working with SB 123 clients **and** the new treatment provider agency has had their Implementation Plan and onboarding documents approved by KSSC.
- **Upcoming 2026 Training Date:**

Tuesday, September 15, 2026 (12:30pm-4:30pm)

- **A Training date with fewer than 4 seats reserved will be cancelled within 5 business days' notice. Training reservations close 5 business days before the training date. Those registered for a training with fewer than 4 attendees will be offered the next available training date.**

We look forward to seeing you in an upcoming training! Please reach out with any questions to Gwyn.S.Harvey@ks.gov
